

Update for residents of Wallasey
Re: road repairs for 2020/21

7 July 2020

Dear resident

UPDATE ON ROAD REPAIRS IN WALLASEY

Thank you to those residents who responded to our letter in October last year, asking for suggestions for roads and pavements that needed resurfacing or replacement.

We submitted the list of suggestions to the Council's Highways Department. In February and March this year, Highways Inspectors visited each road to decide whether to include each suggestion or to undertake temporary patching. Since then, we have met with the Council's Assistant Highways Director to go through proposed works.

I am pleased to advise that the Highways Inspectors agreed with our request to include your road in this year's programme for major works.

In Wallasey Ward, the roads to be resurfaced this year are:

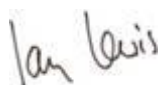

- | | | |
|--------------------|--------------------|---------------------|
| 1. Hose Side Road | 5. Linksvie | 9. Northcote Road |
| 2. Inchcape Road | 6. Malpas Grove | 10. Stonehouse Road |
| 3. Kelmscott Drive | 7. Moreton Grove | 11. Valkyrie Road |
| 4. Keswick Road | 8. Mosslands Drive | 12. Wallacre Road |

Shortly before works are to begin, the Highways Department will notify you of the date and likely duration, as well as any additional requests you may have – such as 'access protection markings' or removal or introduction of designated disabled parking bays.

We will also update residents through our regular Newsline and also online at www.wirralconservatives.com/roadrepairs

Thank you, again, to those residents who worked with us. If you have any comments on this, or any other local issue, please do not hesitate to contact me.

Yours sincerely

Councillor Ian Lewis
